

Serial No. 10/826,112
Atty. Docket No.: P71641US0

REMARKS

The Office Action of August 28, 2007, has been received and carefully reviewed. Applicant has amended claims 1-36 and 38-55 to put the claims in proper U.S. format and clarify Applicant's invention. No new matter has been added by these amendments.

In the Office Action, the Examiner issued a Restriction Requirement to the following three groups:

Group I: claims 1-16, drawn to a method of treating phenylketonuria, class 424 and various subclasses;

Group II: claims 17-40, drawn to a composition, classified in class 514/183; and

Group III: claims 41-55, drawn to a method of treating a metabolic disorder other than those in Group I; class 424 and various subclasses.

Applicant elects Group II without traverse.

Applicant believes the currently pending claims are now in condition for examination on the merits and allowance. If the Examiner has any questions regarding this response, the Examiner is invited to telephone Applicant's counsel at the number provided below.
